

THANK YOU

Masterclass and Kidscape would like to thank all those who have helped bring Cyberscene and *Cookies* to life for their very generous support.

We especially wish to thank Mr Bruno Wang and the Board of Trustees of The Pureland Foundation for believing in Cyberscene from the very start. Without your extremely kind generosity and support it would not have been possible. For that we are most grateful.

To all those who have given to the project through resources, advice, guidance, time and in-kind support.
